

CAS

“Think globally, act locally.”

The nature of Creativity, Action, Service

Creativity, action, service (CAS) enables students to enhance their personal and interpersonal development through experiential learning. At the same time, it provides an important counterbalance to the academic pressures of the rest of the Diploma Programme. A good CAS programme should be both challenging and enjoyable, a personal journey of self-discovery. The aim of all IB programmes is to develop internationally minded people who, recognizing their common humanity and shared guardianship of the planet, help to create a better and more peaceful world. Each individual student has a different starting point, and therefore different goals and needs, but for many their activities include experiences that are profound and life-changing.
